NOTES

Please note that \$FLUX amounts above include earnings on the native \$FLUX chain as well as all 10 parallel asset tokens on other chains, both launched (\$KDA, \$ETH, \$BSC, \$TRX, \$SOL & \$AVAX) and unlaunched (\$ERG plus three others). Unlaunched assets are still being earned and will be claimable at launch with earnings backdated to the latest of the node start date or 27th March 2021.
